Hartford, CT

EXPERIENCE

Freeman Companies LLC, Hartford, CT — Landscape Design Lead

SEPTEMBER 2020 - PRESENT

- Provide visionary leadership to design teams, driving the creation of innovative and aesthetically pleasing designs
- Collaborate with cross-functional teams, including architects, contractors, and clients to ensure seamless project delivery.
- Conduct thorough reviews of design documents to ensure accuracy, consistency and adherence to project requirements.
- Orchestrated the completion of multiple landscape architecture projects, exceeding client expectations and garnering positive feedback.
- Directed construction processes, bridging design intent and the built environment.

Fuss & O'Neill, Manchester, CT — Landscape Designer

NOVEMBER 2018 - SEPTEMBER 2020

- Key in supporting the successful completion of landscape architecture projects within designated timelines and budgets.
- Contributed to the enhancement of outdoor spaces by assisting in the development of aesthetically pleasing and functional landscape designs.
- Improved efficiency by implementing digital design tools and software, resulting in streamlined workflows and increased productivity.
